

Space Weirdos Tokens, Hobby Stuff, and Warband Sheet

Single footprint = 1 move action and also use to mark a model as activated even if it didn't move

Double footprint = 2 move actions

Triple footprint = 3 move actions

Stars & swirls = *staggered*

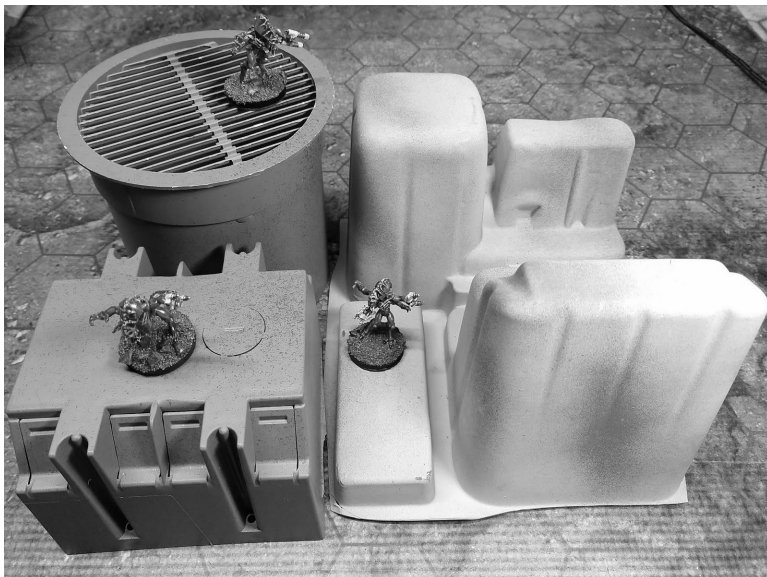

Radar = objective/treasure

Nuclear = command point

Measuring	Stick
Measuring	Stick
Measuring	Stick

Measuring sticks are easy to make from pencils. Snip them off at 5" and draw a line around the middle at 2.5".

Make terrain out of spray-painted electrical boxes and garbage. It looks great and no one cares.

Print the tokens on thick cardstock or glue to thin cereal box cardboard. Cut out or grab a couple cheap circle paper punches in 25mm and 15mm. I glue my tokens to wooden bases for extra heft.

Warband Name	
--------------	--

Name		Points	
Leader Trait:			
Speed	Defense	Firepower	Prowess
Weapon	Actions	Notes	
Equipment		Notes/Psychic Powers
